

# To our friends at the **Bitter End Yacht Club**

**W**anting to give Gord-O and the gang a run for their money in the newsletter arena, this letter of thanks looks different than most.

**I**t's fitting, because our experience at the Bitter End was different than most...thanks to the breathtaking BVI, your truly spectacular resort ...and the spirit which you all bring to your jobs.

**A**s many meeting planners will tell you, sometimes after a program like ours, you just want to hide out for a while, stop smiling every time someone speaks to you and move on to something new.

**T**his time, we were ready to stay. You have all contributed to that most unusual feeling.

**W**e were struck most by your sense of community. You shared our responsibility for giving the Banner Life guests six memorable days and you gave us the chance to share in your daily lives.

**Your  
enthusiasm  
is contagious!**

**S**o thanks to everyone...the wait staff, sailors and front deskers, the taxi and boat drivers, the chefs and bartenders, the back office and operations folks, the picture-taker and even the dog! We can't wait to meet again...

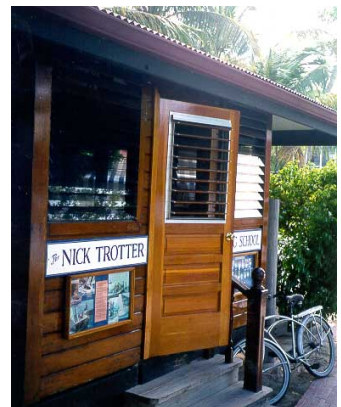

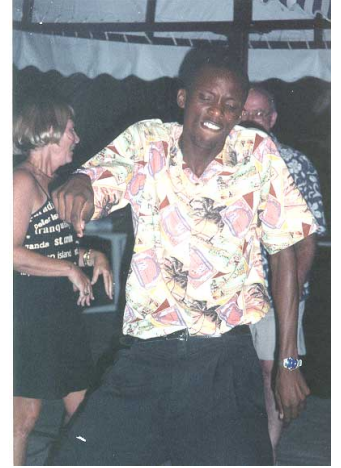

*Pat Saether, Cori Weisner and  
the Staff at Banner Life*
